

Town of Friday Harbor COVID-19 Response Objectives

- **Provide coordination and support to San Juan County** Department of Health and Community Services—the local lead agency for overall response.
- **Maintain constant situational awareness of the disease’s impact** on the town.
- **Provide consistent and accurate public information to the public** in coordination with SJC Health.
- **Provide consistent and accurate information to all Town staff** through the Human Resources Department.
- **Develop plans and processes to maintain essential Town services.** Identify and address policy issues in a timely manner.
- **Work with partner agencies to ensure the safety and security of at-risk populations,** including the elderly and those with underdeveloped or compromised immune systems, and the community organizations that serve and support these populations.
- **Protect Town staff** while maintaining essential public services by activating workplace policies limiting exposure to the virus by both the public and staff.
